Phillips Says Heggen Has Once Again Raised the White Flag!

Michael Phillips, Justice and Public Safety/Democratic candidate for Saratoga County District Attorney, released the following statement on the Garafalo plea deal.

“The District Attorney has raised the white flag, yet again, on a serious homicide case. The plea deal that was announced this weekend is just one more example of justice taking a back seat in Saratoga County. Negotiating a three-year plea deal for Jordan Garafalo for killing Mark French with a sucker punch is an insult to French’s family and to the County’s residents. This plea deal is disturbing and, candidly, not acceptable. Interestingly, this deal was announced on a beautiful fall weekend. The Heflin deal for that Saratoga Lake murder was announced on Christmas Eve—both timed to disappear quickly from the media. What is the DA hiding from?”
